

A MELODY FROM HEAVEN
(BASED ON FOUR LINES WRITTEN BY DAVID FOSTER)

VERSE 1

Music allows the mind to rest
To penetrate the soul, you will be blessed
When your heart is broken and can feel it cry
Music will soothe you; just let it reach deep inside

CHORUS

Music is the hidden language of love
It comes from Heaven in the sky up above
Music is a form of light that cannot be seen
Look at each of the stars above and dream

VERSE 2

Music does not need to speak a single word
It can awaken the spirit and make it stir
The notes of the melody and how they can sing
The gift of therapy that music can bring

CHORUS

BRIDGE
