

## CATCH A FALLING STAR

Trying to find my angel to sweep me off my feet  
Someone to take my breath away, to make my life complete  
With all the people in the world, is there someone out there for me  
To unlock the door to my heart with the golden key

### CHORUS

Love is not something you can see in the stars  
Love is something you have to feel in your heart  
More than flowers, walks along the beach and kissing in the rain  
Every time that you fall, I'll be there to catch you again

The day I first met you, I could not believe my eyes  
I knew I could not sit still, I knew I had to try  
I had to take the first step, no matter how hard to do  
All I ever wanted was to be in love with you

### CHORUS

### BRIDGE

I've finally found my angel, my life is complete  
Been waiting for this moment, I feel wings on my feet  
My journey had just started, under the bright stars above  
When you find that special person, spread your wings like the dove
