

## **FOREVER YOURS**

Love is true to the end, it is never a race  
It lasts forever, is strong as a brace  
Through tests and trials, joining of two hearts  
Love is forever, it never ceases to part

### CHORUS

To the ends of the Earth  
And I'll wait forever for you  
You make all my dreams come true  
Just hold me in your arms forever  
I'll be forever yours

Love is the greatest of all things  
As the eagle perches, high on its wings  
Take the chance, don't let it slip away  
For a lifetime of love, forever and a day
