

HEAVEN SENT

The sea rolls in and reaches the shore as the tide begins to break
The memory of you forever in my heart as the dawn begins to wake
The coolness of the water, gentleness of your soul
Within my heart everlasting joy as the water begins to flow

CHORUS

An Angel from Heaven, that's what you are
The door to my world is inside your heart
As the sun shines up above, you are my light
From Heaven with love, right here in my sight

A picture is worth a thousand words, that is what they say
To see you beside me, when I wake up each day
Sometimes when we touch the feelings are too much
I just want to hold you till Heaven reaches the sky
