

TO KASSINA AND TRAVIS ON THEIR WEDDING DAY

VERSE 1

From the moment that I met you
You captured my heart
The first time I looked into your eyes
I could see a million stars

PRECHORUS

Right here waiting is where we belong
Long after we hear the words of this song

CHORUS

I love you with all of my heart
No matter how near or far you are
I've always believed that you'll be mine
And that our love will last a lifetime

VERSE 2

I don't know how to express my love for you
I cannot put in words how I feel
I had plans one special night with you
I took you to the beach to prove my love was real

The beach was beautiful but what you did next
Down on your knee, in your hand was a ring
I always knew that it was meant to be
All the happiness that you bring

PRECHORUS

CHORUS

VERSE 3

As we stand here together
We are pronounced husband and wife
I cannot hold back all of the tears of joy
That you have brought to my life

PRECHORUS

CHORUS
