

## LOVE IN THE STARS

From the moment we met, I always knew  
That I would never have to be scared of losing you  
Ever since I met you I've longed for your touch  
The feelings that I have for you were never enough

### CHORUS

You always give me strength to see the light  
When it comes to true love, it's worth the fight  
Hold my hands and touch my heart  
You will see that there is  
Love in the stars

I know that we will never be apart  
Give me your hand, lets create a new start  
'Til Heaven reaches the sky from up above  
To last forever, a lifetime of love
