

PRAYER OF MY HEART

There is something in my heart I want you to know
From the sky above to the seas below
Let me carry you across the seas
Into a land that we've never seen

CHORUS

From dawn when we see the light
The stars in the sky and darkest of nights
Open your heart have faith and believe
There is nothing that we can't achieve

From the time a mother hears her baby's first cry
To the moment we spread our wings and fly
I've made up my mind, this is my prayer
I give you my hand, my heart I do swear
