

PUZZLE OF LIFE

We meet people to help us make choices along the way
They put things into perspective for us, each and every day
Sometimes we have to turn our thinking right around
Before the pieces of the puzzle will fall down

CHORUS

When we are born, there is much empty space
He call us from Heaven, we are saved by His grace
We all need a foundation on which to build
Before our life will have meaning, we will feel fulfilled

Some pieces are more important, they complete the border
Other pieces of the puzzle may not be placed in order
Only God knows where the pieces will go
We have to trust Him to guide us, only then can we grow

CHORUS

BRIDGE

CHORUS
