

ROAD OF DREAMS

When it comes to a dream, the road can be long
I'd like to tell a story with the words of this song
Just look straight up to the stars in the sky
Through the journey one can learn to fly

CHORUS

Rise above it, anything can be achieved
It is just a matter of what you perceive
Walking the road is not as hard as it seems
Beyond the road, on the road of dreams

Travelling the impossible will bring you new sights
Just look straight ahead and you will see the light
There are no shortcuts, it's all up to you
Believe in your heart that dreams can come true

CHORUS

BRIDGE

CHORUS
