

SEEKING THE LIGHT

Worked hard in life for what I got
Money was little, respect a lot
Body was sore, didn't need the pain
Just needed enough, never wanted the fame

CHORUS

From dawn to dusk, just wanted a name
Moving on up, only treasures to gain
Just seek the light, and the light will be there
Look all around you, there are others who care

A bird overhead, a dove with its wings
The others flying, a tune to sing
Love was there, just had to open one's eyes
The birds and the bees, climbing up so high

CHORUS

BRIDGE

Sheltered from the storm, arms of love all around
Open your ears, listening to the sounds
Just believe in His name, and do not be afraid
For the Spirit will help you, just trust Him day by day
