

WINGS OF HEAVEN

Stand out from the crowd and break free from the mould
Never give up is worth its weight in gold
It takes courage and strength to face the unknown
Have faith and believe you're on your way home

CHORUS

To b lifted up from below the surface
To rise above it and find life's purpose
The power and strength, the weight of a note
God is our shelter, His wings are our coat
On the wings of Heaven

Travel the road slow, the journey is long
The end of the journey a place to belong
To take small steps, use building blocks
Just count on Him, He will be your rock

CHORUS

BRIDGE

We are all given strength of a higher order
One which is limitless and has no borders
Just look up above, His face will be bright
We always need help, He will always give light

CHORUS
