

## WINGS OF LOVE

Sometimes our wings will give us trouble  
The times we can't remember how to fly  
Friends are angels who lift us up on wings  
When we are discouraged and have tried

### CHORUS

Nothing will stop you if you're heart is pure  
Just have patience and love will endure  
Learn how to fly and spread your wings  
On the wings of love

Plant your own garden as the birds start to sing  
Just take my hand as we fly with our wings  
Two hearts to be joined at the soul  
Seek and embrace it, don't ever let it go
